# THE GM CONTINUOUS PROTECTION PLAN

# ALL PROTECTION PLANS ARE NOT CREATED EQUAL.

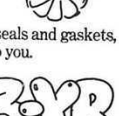

HERE'S WHY: Since 1978, more than 325,000 purchasers of eligible new GM cars or light trucks in Canada have purchased the GM Continuous Protection Plan. We believe there is no better or more comprehensive service plan value available. After reading the following questions and answers you'll know why they bought the plan. And why you should too.

**Q: Aren't all service plans alike?**
**A:** No they're not. More and more plans are becoming available. Be careful. They're not all alike and GM wants you to know exactly what you're getting. General Motors provides an extensive dealer network and with its years of experience in selling and servicing, systems have been set up in the most efficient manner possible. Other plans leave important details up to the individual dealership, which can end up costing you more money. Trust GM to offer protection where others may not.

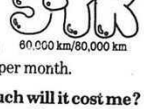

**Q: Why do I need a service plan in addition to my new vehicle warranty?**
**A:** With the GM plan you get added repair protection for an extended period against the cost of unexpected repairs plus reimbursement for rental and towing expenses during and after the GM new vehicle warranty period.

**Q: What components are covered?**
**A:** The GM plan covers ten major assemblies including the engine, transmission, front and rear drive axles, steering, front suspension, brakes, factory installed air conditioner, plus many engine and body electrical system components. GM also covers seals and gaskets, a provision that could be important to you.

**Q: How long am I covered for?**
**A:** For three years or 60,000 kilometres, whichever comes first. If you do a lot of driving you can increase your protection to 80,000 kilometres for a few dollars extra per month.

**Q: Speaking of money, how much will it cost me?**
**A:** Prices vary depending on what model car, van or light truck you buy. For example, the basic plan would cost approximately $4.86 per month for a Chevette/Acadian and approximately $8.61 for a Seville. See your GM dealer for full details.

**Q: Is there an allowance for towing and road service?**
**A:** Yes. GM provides an allowance for towing or emergency road service in the event of covered parts failure for the duration of the plan. And for any reason during the new vehicle limited warranty period if your car is disabled – even if you have a dead battery, flat tire, or lose your keys! Some plans don't include this very important feature.

**Q: Is there any protection for rental expense?**
**A:** GM's Continuous Protection Plan offers an allowance towards the cost of a rental car or truck. In the event yours is inoperable and must be kept overnight, you'll be covered under the terms of the GM new vehicle warranty or for parts specified in the plan. Some plans offer no rental expense provision. Some pay less than General Motors. None pay more.

**Q: Can I get my money back if I change my mind?**
**A:** Yes, you can cancel your GM Continuous Protection Plan within sixty days of purchase and receive a full refund provided you had no claim under the plan. You can also sell or trade your vehicle during the life of the plan and get a pro-rata refund. Some plans don't offer these provisions.

**Q: Where is the Continuous Protection Plan honoured for service?**
**A:** Some plans are only honoured where you bought your car. On the other hand any GM dealer facility in Canada or the USA will honour the GM plan – a big plus, particularly if you frequently drive far from home.
Few service plans offer all the important provisions of the GM Continuous Protection Plan, so check carefully before you buy your next car or light truck. See your Chevrolet, Pontiac, Oldsmobile, Buick, Cadillac or GMC Truck dealer for complete information.
Trust the GM Continuous Protection Plan to give you peace-of-mind motoring. Trust GM to be there when you really need it.

*Don't settle for less.*
