PUCK PASSING PATTERN - *by Harry Tyrell*

After tonight's game, the Canadians will have only seven games left of the regular season, on home ice. They meet the Vees here three times, the Packers once more, and the Kamloops Chiefs are here for another trio. The last two weeks of the season see them with two home games each week . . . a nice way to end the season.

With Willie Schmidt out of the Canadians lineup tonight, and also Tuesday night against the Chiefs, the Vernon defence will have to give everything they have. The suspension he received from the BCAHA upset coach George Agar's plan of action against the Packers, and the Chiefs Tuesday.

Now that playoff dates have been settled by the league, the top team will play the fourth place club, with the second and third teams meeting in the other bracket. It will be a real battle for the two top spots, as this means extra home games. Playoffs will start on MONDAY, February 17. A and B series will be played on the same night, which will mean extra referees to handle the games. Whether any outsiders will be brought in for additional referee help remains to be seen.

It would have been nice if the games had been staggered, as this would mean Vernon fans would be able to take in games between the other two clubs.

COLDSTREAM COMMENTS *by Harry Tyrell*

Bill Voss, the Packers new addition on left wing, has been in the Valley for about two weeks waiting for clearance from Central Registry in Montreal. He was finally cleared last Saturday. He was with the Brandon Regals last season, of the western pro loop.

Hear that Dave "Pudge" Kineshanko, formerly of Vernon, and now living in Powell River, is doing a right smart job of defence work with the Powell River intermediate club. They beat the Vancouver Carltons last week 24-4. Don Berry and Mike Shabaga, both with the Vees a couple of seasons ago, are now with the Carltons. Could be that the paper company town is going to have a strong entry when it comes to the Coy Cup playoffs. They knocked over the Kamloops Plazas in two games recently. We have word that they may play in Prince George, Kamloops, and possibly Vernon.

The Big Six intermediate hockey league in Alberta has adopted the International Hockey Association rules. They are the same pattern the Russians and European clubs play under. From what we hear, the prairie fans are all for the "new look."
